

Þorrablót 10 – March 13, 2010 – update!

Our 45th annual *Þorrablót* is quickly approaching. We are limited to 160 seats and tickets are going fast. When we have reached 160 tickets sold, we will need to return checks.

Our Special Guest Speaker is Bjarni Tryggvason, the Icelandic Canadian astronaut who flew on the August 7, 1997 Space Shuttle Discovery mission.

Chef Gummi is bringing 50 kilos of *þorrablót* fare from Iceland. We are happy to have him returning and look forward to a great feast.

The venue is the Swedish Club at 1920 Dexter Avenue North in Seattle and begins with cocktail hour at 5:30 pm. We will have Icelandic singers, our Icelandic princesses, raffle prizes and the Grand Prize of two round trip tickets to Iceland plus a terrific dance band and one crazy Viking.
